

Lighting plan of Algiers, highlighting of remarkable buildings

(Wilaya of Algiers, Algeria)

Illumination of remarkable public buildings in Algiers within the framework of the Lighting Plan: the Theatre of Algiers, the Grande Poste, the Wilaya of Algiers, the National Popular Assembly, the Senate, the Martyrs' Monument (Maqam El Chahid), are all highlighted in a dynamic way. They are coordinated in a light scenography that changes according to the week. Our projects, designed as turnkey works, with quick assembly systems, allow a

quick and reasoned assembly. In addition to the follow-up of the realisation, we also carry out the direction of the adjustments, and the programming of the dynamic lighting scenes in DMX.
